Dear Ms. Kratz:

Petitioner, through the undersigned attorney, respectfully requests reconsideration on the merits of the Petition Under 37 CFR § 1.47(a) in response to the Decision on Petition mailed 15 September 2006.

The decision mailed on 15 September 2006 dismissed the applicant's petition under 37 CFR § 1.47(a) which was filed to accept the application without the signature of joint inventor, Shaul Ozeri.

In the Decision, it was concluded that the Petitioner had satisfied Items (1), (3) and (4) of the petition. However, the Petitioner had not satisfied Item (2) by demonstrating: (1) a bona fide attempt was made to present a copy of the application papers for U.S. application 10/535,103 (specification, including claims, drawings, and declaration) to the nonsigning inventor for his signature and (2) Mr. Ozeri's refusal to sign, either in writing or by telephone of the documents.

Petitioner now demonstrates through the following statement of facts and the attached documents their belief that the referenced defects of Item (2) have been satisfied.

Statement of Facts:

- (1) Mr. Eran Resheff's Declaration, dated November 14, 2006, (Annex A) stated that on several occasions he personally spoke with Mr. Ozeri. During the February 15, 2004 conversation, Mr. Resheff stated that Mr. Ozeri told him emphatically that he would not sign any documents related to the inventions disclosed in the PCT application, which is the same invention disclosed in the present US application. On several other occasions, Mr. Ozeri refused to speak to Mr. Resheff, when telephoned personally by Mr. Resheff. Mr. Resheff, as the CEO of the Q-Core Ltd. and the employer of Mr. Ozeri during the process of creating the invention, has first-hand knowledge of Mr. Ozeri's refusal to sign the necessary documents for the application and desires to have Mr. Ozeri declared a non-signing inventor of the present application.
- (2) A letter was sent by the attorneys of Reinhold Cohn on May 10, 2005 to Mr. Resheff outlining the necessary documents to be signed by the inventors in conjunction with the filing of the application.
- (3) Mr. Yuval Sharon's declaration indicates that he personally sent a letter (Annex A), via registered mail, enclosing an Assignment and Combined Declaration and Power of Attorney forms along with a copy of the PCT Publication, amended claims annexed to the International Preliminary Examination Report and a copy of the claims as filed upon entry into the National Phase in the USA.
- (4) Mr. Sharon's letter and enclosures were mailed by

registered mail on November 14, 2005. The letter and enclosures were delivered to Mr. Ozeri's home, as attested by the Israel Postal Service Confirmation Forms, attached as Annexes B and C. An English translation of the Israeli Postal Service's Confirmation of Delivery, are also attached to this petition in the Annexes B and C.

- (5) On December 14, 2005, a second delivery was made to Mr. Ozeri's home. A confirmation from the Israel Postal Service of the delivery is attached with the English translation as Annexes C and D.
- (6) Mr. Yuval Sharon states that on the above two occasions Mr. Ozeri was provided with a complete copy of the application papers including the specification, drawings, claims, assignment and declaration and has had ample time to comply with the request. Mr. Yuval Sharon states that to his knowledge and belief, to date, Mr. Ozeri has not yet signed the documents and requests that Mr. Ozeri be declared a non-signing inventor of the present application.

Items submitted herewith:

- 1) Transmittal Letter,
- 2) **Renewed Petition Under 37 1.47(a);**
- 3) Declaration by Mr. Eran Resheff dated November 14, 2006;
- 4) Annex A, letter to Mr. Resheff dated May 10, 2005;
- 5) Declaration by Mr. Yuval Sharon dated November 13, 2006;
- 6) Annex A, letter to Mr. Ozeri dated November 14, 2005;
- 7) Annex B, Israeli Postal Service Confirmation Form dated 14 November 2005 (with pertinent parts translated into English);
- 8) Annex C, Confirmation from Israeli Postal Service attesting to the fact letter and enclosures were delivered to Mr. Ozeri on November 14, 2005 (with pertinent part translated into English);
- 9) Annex D, Israeli Postal Service Confirmation Form dated 14 December 2005 (with pertinent parts translated into English);
- 10) Annex E, Confirmation from Israeli Postal Service attesting to the

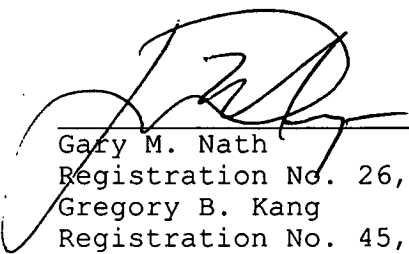

fact letter and enclosures were delivered to Mr. Ozeri on December 14, 2005 (with pertinent parts translated into English).

It is believed by the applicant, that the above statement of facts and the attached documents, overcome all of the defects found in the petition as originally filed.

Furthermore, it is believed that no fees are due with this Renewed Petition and thus no fees are submitted. However, should there be any deficiency in fees or credit for any overpayment in connection with this matter, please charge to our deposit Account No. 14-0112.

Please direct any questions or comments to the undersigned attorney.

DECLARATION

I, Mr. Eran Resheff, knowing that I must state the truth, and after having been warned of the possible consequences should I fail to do, do hereby declare as follows:

1. I am the CEO of Q-Core Ltd., of Ramat Gan, Israel.
2. Mr. Shaul Ozeri was employed by Q-Core Ltd from November 10, 2001 to August 20, 2003.
3. The invention disclosed in U.S. Patent Application 10/535,103 (hereinafter "*the present application*") was invented at Q-Core Ltd. During the period of his employment at Q-Core Ltd, Mr. Ozeri participated in inventing the invention disclosed in the present application. Mr. Shaul Ozeri is one of four inventors of this invention.
4. I am submitting this Declaration in support of a Petition that Mr. Shaul Ozeri, be declared to be a non-signing inventor of the present application.
5. The present application is a national Phase Application of the PCT application PCT/IL03/00947, filed on November 12, 2003 and published as WO 2004/044424 (hereinafter "*the PCT application*").
6. I spoke with Mr Ozeri several times in the past about signing a Power of Attorney for the PCT application. The last time I spoke with Mr. Ozeri was on February 15, 2004. A note summarizing this conversation is present in our office file relating to the PCT application. During the February 15, 2004 conversation, I again asked Mr Ozeri to sign a PCT Power of Attorney. Mr. Ozeri told me very emphatically in that conversation that he will not sign the PCT Power of Attorney. Moreover, he also told me very emphatically in that conversation that he will not sign any document relating to the invention disclosed in the PCT application, which is the same invention disclosed in the present US application.
7. In May 2005, I received from the offices of Reinhold Cohn and Partners, Tel Aviv, Israel, a letter dated May 10, 2005. A copy of this letter is attached

herewith and labeled as *Annex A*. Enclosed with this letter were documents for execution. The documents for execution included a combined "*Declaration and Power of Attorney*" and an "*Assignment*" (hereinafter "*the two documents*"). The letter instructed me, *inter alia*, to have the two documents for execution signed by the inventors.

8. Following the May 10, 2005 letter from Reinhold Cohn and partners, I attempted to contact Mr. Ozeri by telephone on several occasions in order to get him to sign the documents for execution. Every attempt that I made to contact him was met by a refusal on his part to speak with me.
9. To the best of my knowledge and belief, as of today, Mr. Ozeri has not yet signed either one of the two documents for execution. The remaining three inventors signed the two documents, as requested, in May 2005.
10. Accordingly, it is respectfully requested that Mr. Ozeri be declared a non-signing inventor of the present application.
